SUMMARY

Passionate Full-Stack Developer with expertise in building scalable, high-performance web and mobile applications and delivering intuitive user experiences. Skilled in **JavaScript, React.js, Next.js, Node.js, Express.js, React Native, SQL, and MongoDB**, with experience in RESTful APIs, microservices, and cloud deployment (AWS, Vercel, Docker). Adept at frontend and backend development, performance optimization, CI/CD pipelines, and database design, with a proven ability to solve complex problems, improve efficiency, and deliver reliable software solutions in Agile/Scrum environments.

EXPERIENCE

FullStack Developer

Callsmaster

June 2023 - Current, Vikaspuri, New Delhi

- Started as Web Developer – Developed and maintained responsive web applications using HTML, CSS, JavaScript, and React.js, improving load times by ~30% and enhancing user engagement across 5+ client projects.
- Expanded Role – Led front-end (React.js, Next.js), back-end (Node.js, Express.js), mobile app (React Native), and DevOps initiatives, delivering 10+ full-stack features that reduced deployment errors by 25% and increased release speed through CI/CD pipelines.
- Full-Stack Development – Designed and maintained web and mobile applications using React.js, Next.js, React Native, Node.js, SQL, and MongoDB, supporting 15,000+ monthly active users and reducing downtime by 40% through optimized database queries.
- Chrome Extensions – Built 3+ Chrome extensions using JavaScript, Chrome Extension APIs, and React.js, each achieving 200+ downloads, improving customer workflow efficiency by automating repetitive tasks.
- Collaborated with cross-functional teams (designers, marketers, and product managers) to deliver 10+ full-stack features aligned with business goals.
- Optimized SQL and MongoDB queries, reducing data retrieval times by ~35% and improving application responsiveness.
- Enhanced web application performance by applying code-splitting, caching, and server-side rendering in Next.js, cutting page load times by ~40%.
- Integrated third-party APIs (payment gateways, analytics, and marketing tools) to expand product functionality and improve customer experience.
- Built reusable UI components in React.js, improving development efficiency and reducing future feature delivery time by ~20%.
- Participated in Agile/Scrum processes, including sprint planning, daily standups, and code reviews, ensuring high-quality deliverables.
- Implemented role-based authentication and authorization using JWT and middleware, improving application security and user access control.

EDUCATION

Master Of Computer Application (MCA)

Indira Gandhi National Open University • 2024 – Present

Bachelor of Arts (BA)

Indira Gandhi National Open University • 2020 – 2023

CBSE 12th Grade

The National Institute of Open Schooling • 2019-2020

CBSE 10th Grade

Spring Meadows Public School, New Delhi • 2016-2017

SKILLS

JavaScript, TypeScript, HTML, CSS, Node.js

React.js, Next.js, Express.js, React Native, Expo, Qwik.js, Sass

TanStack Query, Zod, Tailwind CSS, ShadCN, Material UI, Ant Design

MongoDB, Firebase, PostgreSQL

Git, GitHub, Postman, Visual Studio Code, pgAdmin4, MongoDB compass

Data structure and algorithms
